Northern Powerhouse Tech Mission to Mobile World Congress

27th February - 2nd March 2023

Barcelona, Spain

The Department for International Trade is delighted to announce plans to take a UK trade mission to Mobile World Congress in Barcelona from the 27th - 2nd March 2023. At this time, we are calling for expressions of interest from companies in the digital, technology, and associated sectors based in the Northern Powerhouse (North West, North East, and Yorkshire & The Humber region).

Why attend Mobile World Congress?

Mobile World Congress is a yearly event that brings together the most innovative and influential companies from around the world to showcase the latest developments in the mobile industry. As a delegate of this mission you will receive free entry into Mobile World Congress, tailored support and briefings by industry specialists before and after attending, as well as access to DIT facilities to succeed during the mission.
