

## OPERATION OVERLORD: Walk in the Footsteps of D-Day Heroes

Get packing. Are you ready for an awe-inspiring experience?

**June 6th, 1944**, wasn't just another day. It was the significantly monumental **D-Day**, the launch of Operation Overlord, the largest amphibious operation in history. On a scale we will never see again—youthful soldiers, sailors, and airmen faced unimaginable odds on the beaches of Normandy.

**Challenge The Wild's Operation Overload Expedition** is a unique opportunity to honour the courage of the soldiers and experience the Normandy battlefield firsthand. Following the success of our D-Day80 Expedition, this annual event offers you the exclusive chance to explore the landing zones, delve into the strategic brilliance of the invasion, and stand on the very ground where history unfolded. Push your limits and confront the legacy of D-Day.

Join us and discover the stories, the strategies, and the unwavering resolve that changed the course of World War II.
